VISIT AND WORK FROM THE RESET! MEMBERS SPACES ACROSS EUROPE

1. WHAT IS “RESET! HOMES”?

Reset! Homes are the workspaces available around Europe, offered by and for Reset! members.

Mobility across Europe is a constant reality for independent cultural and media players and for the network's members, of course.

To answer this need, Reset! has created a catalogue of workspaces, allowing members to always have a place to land, meet each other and connect with the local scenes across Europe.

2. HOW DOES IT WORK?

1. If you are traveling around Europe and you need a place to work, a meeting room, a studio, or an event space, check out if there are any Reset! Homes available in that area.

2. Get in touch directly with the Reset! member you have identified, sharing your dates and needs. They will tell you the details on the availability and conditions.

3. Enjoy your stay! If the Reset! Homes workspace is available you will be welcomed by the Reset! member team.

3. HOW TO REGISTER MY WORKING SPACE TO BECOME A RESET! HOME?
